6th Dvara Research Conference on

Making Credit Work for the Poor

in collaboration with CGAP

Theme-3: "An Overview of Approaches to Alleviate Debt Distress"

Not All Distress are Equal

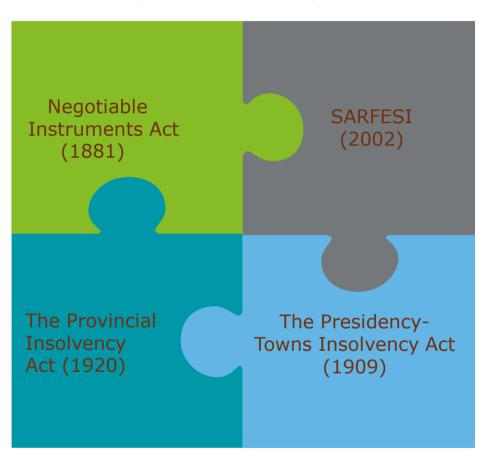

Balancing Clemency and Moral Hazard

Presently Available Statutory Remedies

Traversed a Long Path, from Debt Slavery to Death Penalty (1813, UK) and beyond

Rational-Legal Principles

Many Questions Remain Unresolved

Is there a case for clemency?

The minimum level of dignity that needs protection?

Which debts to be forgiven? Credit Card or Student?

Transitioning to the IBC

Insolvency

Cashflow trapping and loan restructuring managed by an insolvency professional

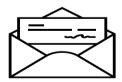

Bankruptcy

Liquidation of the debtor's asset barring some "excluded" assets to repay (most of her) liabilities

The Fresh Start Mimics the bankruptcy process for asset light, low-income and low-debt borrowers

No Home Ownership

Ann. Income < INR 60,000 (\$750)

Assets < INR 20,000 (\$250)

Total Debt < INR 35,000 (\$438)

What is the Impact of Fresh Start?

Qualifying HH under Asset Criterion

All Assets

All Assets excluding Productive

All Assets excluding Productive & Residential

All Assets excluding Productive, Residential & Gold

Qualifying HH under Debt Criterion

All Debts

All Debts excluding Money Lenders (ML)

All Debts excluding ML and other informal

Estimation from AIDIS 2013 AIDIS Data: 239 Mn HH 16.1 Mn HH 15.8 Mn HH with Assets with formal less than debt less than INR 20,000 INR 35,000 0.72 Mn HH qualify

0.05% Banking Sector O/S to HH Sector 1.5% of Microfinance GLP

Reimagining Fresh Start

Qualification Criteria for Fresh Start

No Home Ownership

Assets < INR 20,000 (\$250)

Income < INR 60,000 (\$750)

Debt < INR 35,000 (\$438)

Why must we protect some more than others?

Who must be protected?

A need to harmonise Asset Protection?
